Dear Shri Jagat Prakash Ji,

I have received your letter dated 24th January, 2019 regarding effective implementation of National Deworming Day (NDD) program on 8th February, 2019 and 10th August, 2019 in the State.

I am directing authorities concerned to initiate all necessary efforts in this regard.

With warm regards,

Yours sincerely,

sd/-

(Ashok Gehlot)

Dated: 24 JAN 2019

Dear Shri Ashok Gehlot ji,

Government of India recognises that the health of India's children drives the country's future and aims to ensure that children receive critical health interventions at all ages for a healthy and productive workforce for the country. As per World Health Organization (WHO), 64% of the Indian population less than 14 years are at the risk of Soil Transmitted Helminths (STH) infections. These infections lead to morbidity, malnourishment and impaired physical development causing a serious threat to children's health, education and productivity.

To combat these infections, MoHFW launched the National Deworming Day (NDD) Program in 2015, wherein all children and adolescents from 1-19 years of age are mass administered albendazole through a single fixed day approach in all schools and *anganwadi* centres. Within four years of implementation, India has witnessed unprecedented success in this public health intervention. To continue this endeavour, NDD will be carried out in the month of February 2019 and August 2019 at every *anganwadi* centre, Public and Private school across all States/UTs.

A comprehensive NDD toolkit containing operational guidelines, monitoring checklists, IEC materials, and reporting formats has been shared with State Health Departments for facilitating the steps for planning, implementation and monitoring. Enthusiastic efforts of Hon'ble MPs, Hon'ble MLAs, Members of Panchayati Raj Institutions, Urban Local Bodies and civil society members are critical to the success of the National Deworming Day.

I shall be grateful for your support in the following key areas for effective and timely implementation of the NDD Programme: -

- State launch of National Deworming Day on 8th February 2019 and 10th August 2019 (or as per the NDD decided in the respective states) through the State Health Department. Similar/simultaneous launching of programmes may also be held at district, sub-division and block levels to increase program visibility and reach to the general public
- Involvement of private schools during NDD, 2019 to cover all children and adolescents in the age group of 1- 19 years
- Participation of all concerned departments i.e. Department of Women & Child Development, Department of Education, Department of Panchayati Raj and Department of Drinking water and Sanitation in the State for multisectoral intervention.

I am confident that with your support and leadership, the comprehensive set of actions identified for NDD will be fully implemented, and children & adolescents will have improved health outcomes

With regards,

- PSCM
- ACS, MDH / Panchayati Raj. Deptt.
- Pr. Secy., Sch. Edu. / PHED
- Secy. to Govt., WCD
- SS (AD) / JS (LT) / JS (HSM)
- JS (SAK) / JS (GB) to CM

Yours sincerely,

(Jagat Prakash Nadda)

Shri Ashok Gehlot
